# Kidnaped Girl Back From Her Grave

KIDNAP VICTIM HEADS HOME—Barbara Jane Mackle, who was released in Atlanta Friday by kidnappers who had kept her entombed for 99 hours, is escorted to a private plane by her father, left. The father, Robert Mackle, reportedly paid \$500,000 ransom for release of the Emory University co-ed, who was kidnaped at gunpoint from a motel near Atlanta, Ga. (AP Wirephoto)

## Manhunt For Krist Pressed

MIAMI (UPI) — Co-ed Barbara Jane Mackle, buried almost four days in a coffin-like box in north Georgia woods while her kidnappers waited for a \$500,000 ransom from her millionaire father, returned home today in surprisingly good condition.

The safe return of the girl accomplished, the FBI pressed a nationwide search for the suspected kidnappers, escaped convict Gary Steven Krist, 22, alias George Duane, formerly of Redwood City, and his petite, blond girl friend, Ruth Eise, main suspect.

The pair, both employees at the University of Miami Institute of Marine Science, were charged in federal warrants Thursday night, and the FBI named them "may be armed and should be considered dangerous."

Witness, dark-haired Barbara, 20, a student at Emory University in Atlanta, was found Friday afternoon by FBI agents, apparently acting on addresses given by the kidnappers after they received the payoff.

FBI Director J. Edgar Hoover, announcing from Washington the "safe return" of the girl, said he had been found in an (Please See Page 12, Column 5)

HEADING TOWARD THE MOON—The Apollo 8 spacecraft, boosted by the Saturn V rocket, leaves a trail of fire as it blasts off toward the moon carrying astronauts Frank Borman, commander, William A. Anders and James A. Lovell Jr. The seven-day mission is scheduled to make 10 orbits of the moon. (AP Wirephoto)

## Outer Space Trip Begins Without Flaw

By EDWARD K. DELONG

SPACE CENTER, HOUSTON (UPI) — Apollo 8 astronauts Frank Borman, James Lovell and William Anders rode the awesome Saturn V rocket into space Saturday and headed for the moon.

The monstrous rocket lifted itself from a pool of orange flame at Cape Kennedy at 7:51 a.m. EST and went into orbit around the earth.

Three hours later the astronauts fired its top stage a second time and sped at 34,000 miles an hour toward the moon, a quarter of a trillion miles away. They will orbit it 10 times Christmas Eve and Christmas Day.

A European space expert called it "one of mankind's greatest days."

"You're on your way! You're really on your way now!" Chris Kraft, the space agency's top flight director, rallied the astronauts after they restarted their Saturn's third stage, fired it for five minutes and 11 seconds at 10:42 a.m. EST to kick out of earth orbit toward the moon, and put themselves into the history books.

Dropping the useless third stage, the spacecraft began spiraling out from its earth orbit in five minutes and 11 seconds at 10:42 a.m. EST to kick out of earth orbit toward the moon, and put themselves into the history books.

Dropping the useless third stage, the spacecraft began spiraling out from its earth orbit in five minutes and 11 seconds at 10:42 a.m. EST to kick out of earth orbit toward the moon, and put themselves into the history books.

## Whites Gain By Readiness Plan

By TOM POWELL

The gap between dissenting students and faculty administration at College of San Mateo appeared to widen yesterday as the faculty voted 186 to 3 to expand the College Readiness Program to include white students.

The decision is not binding but constitutes a strong recommendation to the College administration.

Dr. Frank Perce, director of the college, said he would call for a campus-wide tutorial center "for all who need it." It would be expanded to include, he said, about 100 students.

The faculty will work out details and present recommendations to the Board of Trustees by January 3.

## Teen Couple Murdered

VALLEJO (AP) — Two Vallejo teenagers were found dead, sprawled on a rural road late Friday night, each shot by a bullet in the head.

The body of David Parady, 17, was lying outside the right side of his car on the road, five miles northeast of Vallejo.

The body of Bettie Jensen, 16, was about 10 feet behind his vehicle.

Solano County Sheriff's deputies will work out details and present recommendations to the Board of Trustees by January 3.

Four spent cartridges were found. There was a bullet hole in the back window of the car, leading officers to speculate that Parady stopped his car when fired at from behind.

Deputies said they had no suspects.

## CG Plane Lands Safely

SAN FRANCISCO (AP) — An Air Force plane with broad wings today, ready for a quick trip home for Christmas.

"We are happy and pleased to be home in time for Christmas," said WO Ralph W. McLaughlin, Columbus, Ga., the senior man among the 11 men from the landing craft.

"We want to thank the Prince for our release," McLaughlin said, referring to Prince Norodom Sihanouk, the Cambodian Chief of State whose government captured the crewmen July 17 after their craft allegedly strayed into Cambodian waters on the Mekong River.

The crewmen arrived by plane from Hawaii and were taken by bus to Walter Reed Army Hospital for a final checkup before leaving for their homes. The Army said it hoped to have all of them out of Washington within 24 hours.

The plane, which could have landed on water, was shot 40 miles southwest of San Francisco after the trouble had ceased, just as it developed again in one engine just before landing.

## Released Soldiers Thank a Prince

WASHINGTON (UPI) — Eleven American soldiers, released by Cambodia after 106 days of captivity, arrived at Andrews Air Force Base with broad wings today, ready for a quick trip home for Christmas.

"We are happy and pleased to be home in time for Christmas," said WO Ralph W. McLaughlin, Columbus, Ga., the senior man among the 11 men from the landing craft.

"We want to thank the Prince for our release," McLaughlin said, referring to Prince Norodom Sihanouk, the Cambodian Chief of State whose government captured the crewmen July 17 after their craft allegedly strayed into Cambodian waters on the Mekong River.

The crewmen arrived by plane from Hawaii and were taken by bus to Walter Reed Army Hospital for a final checkup before leaving for their homes. The Army said it hoped to have all of them out of Washington within 24 hours.

The plane, which could have landed on water, was shot 40 miles southwest of San Francisco after the trouble had ceased, just as it developed again in one engine just before landing.
