

Missing Tahoe Nurse's Family Offers Reward

SOUTH LAKE TAHOE — A \$500 reward has been offered for information leading to the location of Donna Lass, a Stateline casino nurse who disappeared, leaving no trace, last September.

John Miller, a private investigator employed by the woman's family to continue the search for her, said the reward had been offered by the family. Information should be sent to him at PO Box 470, Des Moines, Iowa.

Miss Lass, 25, last was seen Sept. 7 walking with a young, blonde man near the apartment she had rented the day before and never lived in. She left behind a new car, bank account and a large wardrobe.

South Lake Tahoe Police Lt. John Crow said the case still is in the department's

active file but detectives had followed every lead to a dead end.
