

Young Couple On First Date Shot to Death

VALLEJO (AP) — A teenage Vallejo couple on their first date, returning from a high school Christmas concert, were shot to death on a rural road five miles northeast of here shortly before midnight Friday.

The body of David Faraday, 17, was found lying outside the right side of his car. The body of Bettilou Jensen, 16, was about 10 feet behind the vehicle. Each was slain by a bullet in the head.

Coroner Dan Horan said the sheriff's office was investigating the possibility the couple may have been followed from the concert to the lonely road between Vallejo and Highway 680, a favorite parking spot for young people.

Faraday, son of Mr. and Mrs. Jean Faraday, was on the wrestling team at Vallejo High School. He was an Eagle Scout and winner of the Boy Scout God and Country award.

Miss Jensen, daughter of Mr. and Mrs. Vincent Jensen, attended Hogan High School, where the concert was held.
