### **Zodiac Case Update**

---

The Zodiac case has been an open investigation for several decades in the City of Vallejo. With any open homicide investigation, Vallejo Police Detectives still follow up on new leads and continually work to identify a suspect. Over the course of this investigation, Vallejo Police Detectives have always taken advantage of emerging technologies and new advances in forensic science to assist in the identification of a suspect.

Currently, we are not close to identifying a suspect, nor do we anticipate developing that information at any time in the near future. We have no new information to provide at this time.
