

## Funeral Services for Slain Coed

Funeral services for Cecilia Ann Shepard, 22, willowly blonde coed from Loma Linda who died Monday from 24 stab wounds inflicted by a knife-wielding masked assailant at Lake Berryessa last Saturday afternoon, will be held at 2 p.m. today, Thursday, in the sanctuary of the Pacific Union College Church where she worshipped as a student, 1967-69.

A senior music major in voice at the University of California, Riverside, Cecilia was visiting PUC over the weekend to collect personal belongings stored in a dormitory from last spring. A chance visit with Bryan C. Hartnell, 20, junior history major of Troutdale, Ore. whom she had dated last year, led to a fatal afternoon of reminiscences at Lake Berryessa where both were stabbed repeatedly by the unknown murderer who is still sought by police.

Hartnell, whose father, Calvin, is a clergyman, remains in the intensive care unit of Queen of the Valley Hospital, Napa, where his condition is still officially listed as "serious."

Cecilia's funeral will be conducted by Robert W. Olson, chairman of the PUC Religion Department who was a dormitory roommate of her father on this college campus in the 1940's. Robert H. Shepard now teaches

math and physics at Loma Linda Academy in southern California.

Assisting Olson will be two other religion professors, Carl Coffman, distantly related to the deceased coed, and Ervin Sorensen, who was a missionary colleague of her father in India. Cecilia was born at Nuzvid, India, on New Year's Day, 1947.

Music and pallbearers for the afternoon funeral Thursday will be provided from among her former classmates at Pacific Union College. Interment will follow in St. Helena. Arrangements for the service are under the direction of the Morrison Funeral Chapel, St. Helena.

Cecilia graduated from San Gabriel Academy in 1965, and attended the La Sierra campus of Loma Linda University, Riverside, 1965-67, before enrolling at PUC in 1967.

She is survived by her parents and a younger sister, Caroline, 15, of Loma Linda; an older sister, Mrs. Ray (Kathy) Schrecongost, 24, of Guadalajara, Mexico, whose husband is a sophomore medical student at the Universitie Autonomia; two sets of grandparents, the Llye C. Shepards of Oakhurst, and the Rossier Thompsons of Yucaipa; two uncles, Dr. Byron Elder of Loma Linda and Calvin Shepard of Omaha; and an aunt, Mabel Foulkes of Los Angeles.
