

# Vallejo Killings Linked

The anonymous telephone caller who notified Vallejo police he had shot a couple early Saturday also said he had killed the two teenagers on Lake Herman Road last December, police revealed today.

His call was received at 12:40 a. m. Saturday, 30 minutes after a woman had reported the shootings, also by telephone. He told the police switchboard operator:

"I want to report a double murder. If you will go one mile east on Columbus Parkway to a public park you will find the kids in a brown car. They were shot with a 9 millimeter Luger.

## ADDS TO CONFESSION

"I also killed those kids last year. Goodbye."

The surviving shooting victim, Michael Renault Mageau, 19, of 864 Beechwood Ave., described the killer as short and heavyset.

He was driving a brown car similar to the 1963 Chevrolet Corvair driven by the slain victim, Mrs. Darlene Elizabeth Ferrin, 22, of 1300 Virginia St., according to Mageau, who is recovering in Kaiser Hospital.

The slain teenagers, Betty Lou Jensen, 16, and David Faraday, 17, were killed less than two miles away off Lake Herman Road, also shortly after midnight, on Dec. 20.

## HUSBAND CLEARED

Dean Ferrin, husband of the victim, has been questioned by police and released. He was working as a cook in a restaurant at 315 Tennessee St. at the time of the attacks.

Additional details of the shootings were also released by police today.

Mageau told officers he and Mrs. Ferrin, mother of an 18-month-old daughter, had been in the parking lot at Blue Rock Springs Park for only a few minutes when the killer's car arrived. He first parked about six feet away. There was no communication between the occupants of the two vehicles.

Then the gunman's car left, but returned about 10 minutes later and parked about 12 feet behind the Ferrin auto.

## HAD FLASHLIGHT

Suddenly the killer appeared with a flashlight and beamed
