CASE NO. 243-146

7/5/69-12:10am

Writer received a call from female citizen stating that two (2) juveniles were being shot at at the Blue Rock Springs parking lot. This information was passed on to the Radio Operator on duty. (P. Stock)

7/5/69-12:40am

Writer received call from male subject who did not identify himself. Substance of statement was as follows:

"I want to report a double murder. If you will go (1) mile east on Columbus Parkway to the public park you will find the kids in a brown car. They were shot with a 9mm luger. I also killed those kids last year. Goodbye."

7/8/69

At the request of Captain Bird writer asked to elaborate on telephone call from subject mentioned above.

Writer could distinguish no trace of accent in voice. Subject seemed to be reading or had rehearsed what he was saying. Subject spoke in an even, consistent voice (rather soft but forceful). When writer attempted to get information from subject his voice became louder covering what writer was trying to say. Subject did not stop talking until his statement was complete. Subject's voice was sure. The only real change in the voice was when he said "goodbye." Subject's voice disappeared and became taunting. During the course of subject's statement writer connected subject with desk officer, but the subject completed his statement and hung up before desk officer picked up call.

CASE NO 243-146

F15em 7-5-69 Off. Hoffman

Approx. 12:10am 7-5-69 writer copied a radio message from KMA 818 regarding two teenagers being shot at in the area of Blue Rock Springs. R.O. had just checked this area approx. 15 min. prior to this transmission, and found the parking lot of Blue Rock Springs clear of people or motor vehicles.

Proceeding to the above area, driving V.P.D. unit 130, and following unit 119. Observed unit 119 make a U-turn on Columbus Parkway just south of the Blue Rock Springs Golf Course. At this time the Police Unit stopped a late model Grey Cad. that was proceeding towards Vallejo on Columbus Parkway. As the driver got out of this Cad. he was recognized by writer as Andy [REDACTED] Jr. WMA 19yrs. residing at 22 [REDACTED] Ct. Vlo.

R.O. then proceeded to Blue Rock Springs parking lot, thus being the first Police vehicle to arrive at this location. It was observed being parked in the southern portion of the parking lot, east of Columbus Parkway. The vehicle described in the Police broadcast as a Brown Corvair, belonging to the victim of the shooting.

The first subject observed by this writer was a WMA laying on his back on the ground, at the right rear of the car. This subject was later I.D. as MICHAEL RENAULT MAGEAU WMA 19yrs. DOB 10-29-49 residing at 864 Beechwood, Vlo. This person advised he had been shot but could afford no further info. to this Off. at this time. It was evident this subject in severe pain and suffering from multiple gun shot wounds. Blood was running freely from his mouth, with another wound visible in his lower left leg.

The second subject observed by R.O. was a WFA in a sitting position behind the steering wheel of the afore mentioned auto. She was sitting with her head resting on the inside of the left door, at the window level. The observation of this girl was made from the open window of the right door. It was noted that her body bore three bullet holes, viewing it from this position. There were two gunshot wounds in her upper right arm, and one bullet entry visible in her right side a few inches below the arm pit. R.O. at this point went to the left side of the auto and viewed this girl thru the open left door window. Writer did not observe another bullet wound from this position. But did view a substantial amount of blood splattered about the car. This subject was later I.D. as Darlene ELIZABETH FERRIN WFA 22yrs. DOB 3-17-47 residing at 930 Monterey, Vlo.

At this point Sgt. Conway arrived at the scene and was informed by R.O. that in fact this was a shooting. Also requested of Sgt. Conway by writer, was to proceed back the area where Police unit 119 was. And in fact detain Andy [REDACTED] Jr. for further investigation as to the responsibility of this crime.

Off. D.Clark arrived at the scene next and he plus R.O. attempted to render aid to victims until the ambulance arrived.

RO also responded from the East side of town & upon arriving on Columbus Parkway in vicinity of golf course, observed detailed officers on ~~a car stop~~. Off. Meyring advised they stopped the veh because it was in the area & that they were making P.I. reports. RO then proceeded to the parking lot on the W side of street at the park & noted that Off. Hoffman was at the scene & a white male subj. lying on the ground to the rt rear of a 1963 brn Chev. Corvair, 2dr, CRV 209. This subj. with blood all over his face & later identified as Michael R. Mageau, WM, 19 of 864 Beechwood. Prior to getting out of the unit Off. Hoffman requested I return to car stop of Off. Meyring & Lindemann & have them hold the subj's they had stopped. On initial arrival, RO requested by radio an ambulance & an investigation at the scene & upon returning to Off. Hoffman RO went to assistance of subj. on grou Rd, as Off. Hoffman was with a subj that was sitting on left front seat behind wheel that was also injured. This subj. later identified as Darlene E. Perrin, WF, 19, of 864 Beechwood. On preliminary examination of Mageau, it was apparent that he had been shot a number of times, he had blood all over his face & blood coming from his mouth as well as his left leg with blood. RO felt it was necessary to question subj. in spite of the fact the subj. was in great pain. Subj. was coherent & RO asked him, "do you know who shot you?" & he replied "no". RO then asked Mageau to give me some type of description & he replied that he can't. RO then asked a series of questions & was told by Mageau that the resp. was a white male, young, & heavy set by himself & that he was in a brown veh. RO then asked if the resp. said anything & Mageau replied, "no, he just started shooting & kept shooting. Questioning continued until arrival of ambulance at which time both veh. was placed in ambulance & removed from the scene. By this time Sgt's Rust, Lynch & Odiorne had arrived at the scene & RO gave them the information obtained from the victim & gave a description over the air to all units. It was at this time it was determined that Sgt's Lynch & Rust would be the investigating officers & the investigation was then turned over to them.

RO proceeded to that location to cover the detailed unit 122, Off's Agabroad & Pepple. 7-6-69 3:00 PM

Location: Intensive Care Unit, Raiser Hospital
RO went to location and contacted shooting victim, Michael Mageau. Was advised by Dr. Scott that RO could talk to him for a short time, however he was under medication at this time and would possibly be going to sleep shortly. RO contacted Michael who still was in very bad condition and was very strained to talk as he had had a wound in his mouth. RO asked him if he could as best as possible relate the facts as he knew them as to the occurrences of Friday night when he and D. FERRIN were shot. Michael states that he would do his best to give a statement and gave it as following.

States that at approximately 4:00 p.m. Friday afternoon, that D. Ferrin called him up, and in their conversation stated they agreed that they would go to a movie in San Francisco that night and she would be at the house at approximately 7:30 p.m. Michael states he next heard from her at approximately 8:00 p.m. when she again called and stated that she had to go with her sister, Christine, to the Miss Firecracker contest, that she would call him as soon as she could, as soon as she was clear from this. Michael states that he stayed home and at approx. 10:30 he received another call from Dea stating she would be over shortly.

He stated that Dea came over at approximately 11:30 or shortly thereafter and picked him up in her car. They were both hungry as they had not had supper and were going to go get something to eat. Stated that she was driving her vehicle, the Corvair they were found in. Stated they drove west on Springs Road and as they were driving down Springs Road to go get something to eat, Dea stated to him that she wanted to talk to him about something. Michael stated that approximately at the location of Mr. Ed's on Springs Road they turned around and headed east at his suggestion to go to Blue Rock Springs Park where they could talk. They went directly out to this location, pulled the car in the parking lot where it was found by the police. Dea turned the lights and the motor off and had the radio playing. States they were there just a very short time, a few minutes, and three cars pulled in to the parking lot where they were. They were apparently young kids, and they heard some laughing and carrying on and a few firecrackers were set off, then the three vehicles left within a short time. This was just a very short space of time, a few minutes. Shortly after this and about five minutes before the shooting occurred, Michael states a vehicle pulled into the lot, coming from the direction of Springs Road and Vallejo. The driver turned the lights off on the car and pulled around to the left or east side of their car, approximately six or eight feet away and sat there for a minute. Michael states he asked Dea if she knew who it was and she stated, "Oh, never mind."

Michael stated at this time he is always kidding Dea about knowing so many people and does not know whether she meant this as she knew the fellow or not. Michael states as best as he can recall, he could not see the car too clearly, however the shape of the car looked similar to the car that Dea owns, a Corvair. He could not see the color or anything as it was very dark out there.

ED RUST

INDEXED

States as far as he could tell this car had one male subject in it. The car then drove off and headed in the direction of Vallejo & Springs Road at a fairly fast rate of speed. He stated approximately five minutes later, the vehicle pulled up, coming from the direction of Vallejo & Springs Road. This vehicle pulled up approximately ten feet behind and to the right side of Dea's car, which would be the side that Michael was sitting. The vehicle's lights were left on and the subject got out and walked toward the car. He had a large high-powered flashlight, the kind you carry with a handle. This subject walked up to the car and Michael stated that both he and Dea believed that it was a policeman and that he wanted to check their I.D. or something.

Stated subject stepped up to Michael's side of the car, which is the right side, shining the flashlight on them. Subject did not say anything to them, nor did they say anything to him. Michael stated he started to reach for his wallet as he felt it was a policeman who wanted to see his I.D. States as he did so, he heard a muffled sound and felt a pain in his back and his neck area. He states he heard some more muffled sounds, sounding like a gun with a silencer on it, and felt pains in his body, his back and around his neck. States he tried to climb over the back seat to get away from the shooting and subject kept shooting him again and again. States finally the subject quit shooting him and apparently turned the gun on Dea and started shooting her again and again.

States subject then turned around and started to walk back to his vehicle which still had the headlights on. Michael stated he could not tell if he meant to yell at the subject or if he just yelled from pain, but he let out some type of yell. At this time, the subject apparently hearing him, came back to the car and shot Michael two more times, once in the back and once in the left leg. States the subject then turned the gun on Dea and shot her twice more. Michael states that all the shots that he heard were muffled, sounding similar to a gun with the silencer on. It was not loud. States the subject then turned around and casually walked back to his vehicle and got in.

Michael at this time stated that he had to reach outside the car door to open it as the handle inside was broken. Stated he reached outside and opened the car door and fell outside on the ground. As he fell out onto the ground the vehicle was in backed up in a turning movement and then took off toward Springs Road in Vallejo at a very high rate of speed. Michael states as the vehicle drove off he only saw the rear portion of it, this rear part appearing to be a vehicle similar to or the same type as Dea's car, a Corvair. Also a very similar color, possibly a little bit lighter brown. It had a California license, however he could not tell what the numbers were. Stated the subject continued on Blue Rock Springs Road at a very high rate of speed towards Springs Road in Vallejo.

Michael states that in what seemed to be eight to ten minutes after this a car came by with three young hippy types in it. He can recall two boys and one girl. States he waved and yelled to the occupants of this vehicle to come over and help him. Stated they came close to him

and he asked them to get a doctor quick. Stated the girl told him to lie still and they would get a doctor. States approximately five to ten minutes later the police arrived in a vehicle that was not a black and white police car, and other policemen arrived, and he was then taken to the hospital.

RO asked Michael if he could give a description of the responsible subject, and he stated as best as he could recall the description is as follows. Subject appeared to be short, possibly 5'8", was real heavy set, beefy build. States subject was not blubbery fat, but real beefy, possibly 195 to 200, or maybe even larger. Stated he had short curly hair, light brown, almost blond. He was wearing a short-sleeved shirt, blue in color. Cannot remember if it was light or dark blue. States he just saw subject's face from the profile, side view, and does not recall seeing a front view. States there was nothing unusual about his face, other than it appeared to be large. Michael stated the subject did not have a mustache, nor was he wearing glasses or anything. He could not recall anything unusual except that he had a large face. Michael reemphasized that he really did not get a good look at subject other than his profile. Also, it was dark out and it was hard to see the subject.

Michael states that he could possibly recognize responsible if he had a profile view, as this is the best view he had of the subject. Stated subject was a white male, approximately 26-30 years. Was unable to judge real well what his age was. States he feels sure the subject wanted to make sure that they were dead. This due to the fact that he returned and shot each one of them twice again after the first shooting.

When questioned about Dea's vehicle having the headlights on when the police arrived, Michael was unable to explain fully, however states he recalls something about possibly flashing the lights on and off to attract attention of passing vehicles. States he cannot remember if he did this or possibly Dea did it. States while still in the car he called to Dea, does not recall what he said, but recalls the only thing that she was able to do was make a small moaning sound. She was unable to say anything.

RO questioned Michael as to a possible motive, if he had had any argument or trouble, etc. with anyone recently, or if there was any reason at all that anyone would want to harm him. He stated he could not recall anything at all, having any arguments or anything to give anyone reason to do anything like this. Also stated that Darlene did not say anything about any trouble that she has had. States they have always been very truthful with each other and confided very closely in each other's problems and he is sure if she had known about someone after her or had a hate for her enough to do something like this, she would have said something about it. States as far as he knows, the only type of trouble that Dea has had was sometimes her friends got mad at her. STATES There were sometimes petty jealousies between her and her friends.

Sometimes some possibly boyfriends, not exactly dating type boyfriends, but friends, just acquaintances, would become jealous over just petty incidents.

The interview of Michael MAGEAU was terminated by RO at this time as he was becoming very tired due to the medication and also his condition due to the gunshot wounds.

RO wishes to emphasize that throughout the entire interview with Michael it was a very strained situation for him as he had been given a sedative type of medication to relax him and put him to sleep and he was straining to keep himself awake in order to give the information to RO. RO advised him to rest at this time and when he woke up if he felt better and if he felt he possibly could give more information STAY to have the nurse call RO at the police department. (RWS) cm

At VPD RU re-interviewed Jerry [REDACTED], KN-17, and Roger [REDACTED], KN-17, the two youths who, along with Debra [REDACTED], found the victims, MACEAS and FALKIN, at Blue Rock Springs Park. Jerry and Roger gave the following statement: They, along with Debbie and in Debbie's vehicle (Rambler brown in color) had been downtown to see the festivities for the 4th of July. After this was over, at about 11pm, they decided to look for this girl that Roger knows. They drove around town and did not see her and decided to go to Blue Rock Park to look for her. They went out the freeway to Columbus Parkway and came in to the Park the back way. While they were driving in toward the Park neither boy recalls seeing any vehicle coming out, none parked along the road, nor did they pass any vehicle.

When they came to the park area it was dark and they looked for any vehicles. The only one they saw was the victim's brown Corvair, same was parked in location as found by the police. They stated that when first observed the Corvair did not have any lights on. Debbie stopped the car in the road and they were trying to decide to go check the vehicle to see if Roger's girl was in it when the lights came on. They thought the occupants were going to leave and then thought they heard someone scream. Debbie backed up her car and turned to shine her high beams onto the car and then they saw a male subject on the ground beside the passenger side of the Corvair, door was open. The male was rolling around on the ground and screaming. Debbie then pulled her car up behind the Corvair and Jerry jumped out and ran up to the male and asked "are you all right?" and the male said "I'm shot and the girl's shot, get a doc." Jerry said "All right we'll get one", and the male said "hurry". Roger had jumped out of the car also and heard this talk. Neither of them looked in the Corvair and didn't see the girl. Then Jerry wanted to stay there while Debra and Roger went to get a doctor, but they insisted he come with them. They got back in the car and all three drove toward Springs Rd. in Vallejo and the only vehicle they saw on the drive in was a vehicle's tail lights on the Lake Herman Road turnoff. The vehicle was too far off to tell what kind it was or if it was going fast. All they could tell was that it was headed away from them. They then proceeded into Vallejo and went to 936 Castlewood, Jerry's home and called police to report what they had seen.

They all three waited there a short while and then went to Debbie's brother-in-law, Bob [REDACTED], house, he being a policeman. They were afraid the police would think it was just a hoax. [REDACTED] then called the police again and they found the police had located the car. They then went to the VPD and talked to Sgt. CUDIGRANE.

Both boys guess the time they were at the park as real close to midnite, possibly a little before midnite. They state the male victim did not say anything about responsible or his vehicle, only conservation was as they stated above. No other vehicles were seen other than the victim's and the one seen going away from them on Lake Herman Road. Both will call PD if any other info is obtained or if they remember anything else. RO detailed by Captain BIRD to contact Mr. Warren [REDACTED], Principal Springtown Junior High.

At this location met with Mr. [REDACTED] and Vice-Principal Wes [REDACTED]. Both subjects expressed concern that responsible in this case might very possibly be a former student named CHRISTOPHER DAVID [REDACTED]. [REDACTED] described as WMA DOB 4-25-51, 5-10 - 6 ft. 180-185, bushy blonde hair. During the period [REDACTED] attended Springtown J.H. he exhibited numerous acts of behavior that led both Mr. [REDACTED] and Mr. [REDACTED] to believe that he could be capable of this crime. Stated [REDACTED] had an I.Q. well above average but that his attitude towards other students appeared anti social. He had no contact with the opposite sex and appeared to be a person dominated by his mother's influence. His mother died within the past year. [REDACTED] now lives with his father and younger brother at 455 [REDACTED] Drive. The father has not re-married and is employed as a salesmen pharmaceutical firm.

Mr. [REDACTED] related on one occasion [REDACTED] lost a cap off his tooth during gym class. He became so upset that he started to bang his head against the side of a building. Teachers had to physically restrain him from doing serious injury to himself. From the explanation he finally gave Mr. [REDACTED] seemed to fear what his mother would do because he had lost the cap off his tooth.

On another occasion [REDACTED] was alledged to have attacked a much smaller Negro juvenile who promptly punched him in the face, thus ending the fight. [REDACTED]'s attitude was sullen and withdrawn after this fracas.

His entire two years at the school were marked by anti social acts. Numerous incidents in which teachers had unpleasant contacts with both parents because of trouble [REDACTED] had encountered at school.

After graduation from Springtown Barry [REDACTED] Hogan Sr. High.

1030AM

RO again contacted mother of victim, Mrs. Suennen, 130 Jorden St., re-any possible information she might have which would connect her ex-son-in-law with the death of her daughter as she is alleged to have given to Joseph Delouise. Mrs. Suennen offered nothing new in way of factual information. Subject is admittedly emotionally upset over daughter's death and further admits that she disliked son-in-law, James Phillips. She could offer very little background information on Phillips and was not in fact around him for any great period of time. Mother stated Darlene had left the family home on Nov. 25, 1965. This happened after a family dispute. The family did not hear from her again until Oct. 1966 when she returned home with her husband, James D. Phillips. Mother has marriage license which shows couple was married in Reno, Nevada, Jan. 1, 1966. When they came to her home Darlene told them she and her husband had just returned from the Virgin Islands where they had spent five months. Phillips told Mrs. Suennen that he "owned" a newspaper in the Virgin Islands and that he was formerly in the U. S. Army as an undercover agent. Subject had no money, no income, no job, and lived off his wife's earnings as a waitress. Couple lived with wife's family. After approximately three weeks Phillips was told to either obtain employment and support his wife or move out. He at this time applied for employment at the Daily Republican Newspaper in Fairfield and was in fact

hired to assist in writing editorials. Mrs. Suennen stated he worked in this capacity for approximately three weeks. (Phillips in fact worked five days and did not show up for work again.) Shortly after leaving the paper both Darlene and Phillips left Vallejo and went to Pennsylvania. They spent several months in Pennsylvania and returned to Vallejo. Their marriage was going poorly and Darlene decided to go to Reno and get a divorce. James apparently did not want a divorce but did not contest same. Records show final decree obtained in Reno on June 2, 1967. Shortly afterwards Darlene remarried and Phillips moved to San Francisco. As far as family knows no further contact between Darlene and Phillips except she contacted him in San Francisco to have him sign some papers pertaining to their divorce. Family had no further contact with Phillips until he attended the funeral of Darlene and was seen by two members of the family sitting in the back row during funeral services. He was with an unknown WFA who was pregnant at the time. There was no conversation between Phillips and family.

Mr. DeLourise had indicated to PC that Mrs. Suennen had told him that Phillips was at one time committed to a mental hospital. PC asked her if this was a fact and Mrs. Suennen stated she had "heard" this but did not know if it was a fact. She was also questioned concerning any particular interest Phillips might have had in astrology or cryptograms. Stated she had one occasion seen him draw up some type of "code".

1-23-70 2:30 PM RO contacted Business Manager of the Daily Republic in Fairfield in an attempt to secure more background information on Phillips and if possible secure printing specimens of his writing. Very little known of Phillips by present employees. No record of his application for employment. An attempt to be made by newspaper to locate federal tax forms made out by Phillips to authorize tax withholding deductions. If located same will be forwarded to the Vallejo P.D. for possible handwriting comparison.

3:00 PM Checked with Fairfield PD re-any record they might have of Phillips. They have an outstanding warrant charging violation 476a P.C. on file since 12-4-67. Also obtained mug shot which was attached to warrant of a James Donald Phillips and a photostatic copy of prints which, it is assumed, came from CII. It is opinion of RO that subject shown is not the James Phillips in which we are interested. Subject appears older in photograph and does not wear glasses.

1-26-70 9:30 AM Contacted Mal Nicolai, CII Investigations, by phone. Requested he search his files for any record of a James D. Phillips, WMA, approx. 24-28, and forward mug and rap sheet if found.
