was on the road. When she arrived at the scene, headlights picked up the car and she observed a boy and he looked like he had fallen out of the open door. The girl was lying on her side facing the road. She had a purple dress on and looked well dressed. She saw only one car at the scene. It looked like a Rambler, grayish in color, it had a chrome rack on the top. This fits the description of the FARADAY Rambler. She states that she drove sixty-or seventy miles an hour enroute to Benicia to report the incident. When she saw the police car she honked her horn and blinked her lights to attract the attention of the police officers.

side of the creek. They were about to report the theft until when a car pulled into the driveway, which was later identified as the car belonging to Mr. .... They claimed that they left the area a few minutes after 9:00 PM, the established time to 11:00PM. So, that would put them at 11:00PM when they left the scene.

They described the light colored 1960 Rambler S/W that was parked at the gate. It was parked Southwest of where we finally found the car. This discrepancy wasn't noted at first. This was a statement as to their activity during that night. They said that when they arrived there at 9:00PM a white 4-door hardtop, a '59 or '60 Impala, was parked there, and also, a truck coming out of the gate. This coincides with INFORMATION from BINGO WISENER that when he came out of the gate he saw the same Impala and also saw the red pick-up truck go by.

The RO's contacted Mr. Burton at the above address. He is a 30 year old man, Burton's father and is separated from MR. Burton, but no divorce is in effect.

Mr. Burton relates that he went to his wife's house between 7:00PM and 8:00PM on Friday 12/20/68 to celebrate jointly his birthday, which falls on 2/22/68 and his daughter's on 12/20. When he arrived his two sons RICKY and ANNY and his daughter-in-law were already there. MR. Burton, and his son also named RICKY, arrived later.

He states that RICKY received a phone call around 8:30PM. There were 6 calls after that time and no one came to the house while he was there. During the evening they enjoyed cake and coffee and watched "A Global Affair" Bob Hope on television.

Burton states he did not like the program and he left before it was concluded, thinks the time was around 10:15PM or 10:30PM. All of the above mentioned people were still at the house.

RICKY does not have a gun and to MR. Burton's knowledge there is one available to him. He is not allowed to drive a car, but he is capable of driving one. Upon the request of the RO MR. Burton gave his consent to have RICKY take a Poly Graph examination. MR. Burton was upset about a newspaper article, that appeared to refer to his son, even though no names were mentioned.

Acting on her advice, BETTY LOU brought DAVID home to her parents at 8:00PM on the 20th. There he met her parents and they left with their permission to go to Hogan High School and then to a party afterwards. They were to be home sometime around 11:00PM.
