Woman Slain, Friend Is Shot

VALLEJO — A young woman was shot to death and her young man companion wounded by a mysterious gunman early yesterday moments after they pulled their car into Blue Rock Springs Park.

Darlene Elizabeth Ferrin, 22, of 930 Monterey St., was wounded three times. She died en route to the hospital.

Michael Mageau, 19, also hit at least three times, was reported in satisfactory condition at Kaiser Hospital.

The shooting recalled the unsolved murders of Eagle Scout David Faraday, 17, and Betty Lou Jensen, 16, while parked in a lovers lane near here last December.

Police said there are no suspects in yesterday's shootings.

Mageau was able to tell po-

lice only that the car door was torn open shortly after they had parked. The gunman immediately let loose with a fusillade of shots.

Police found seven 9 millimeter cartridges near the car.

The girl was behind the wheel. Mageau fell outside the car on the passenger's side.
