Pursuant to a previous telephone conversation with Michael MAGEAU, I made arrangements with him to meet at the Ontario Airport in San Bernardino County. These arrangements were made for him and I to meet in front of the security office in this airport at 10:30 a.m. on 081691. I flew to Ontario Airport, arriving shortly after 10:00 a.m. I met MAGEAU promptly at 10:30 a.m. in front of the security office. MAGEAU was accompanied by an older white female that I would estimate to be in early 60's. MAGEAU explained that he lived with this female and her husband in the residence in [REDACTED]

It should be noted at this time that MAGEAU was the surviving person in the Zodiac Killing which occurred on 070469. I briefly asked MAGEAU about the incident. MAGEAU indicated that he did, in fact, get a view of the responsible's face. It was a very short duration of time as the responsible had shined a flashlight into his face and almost immediately began shooting him. He then switched the flashlight over to the area

where the other person in the vehicle with him, Darlene FERRIN was seated, and began shooting her. MAGEAU indicated that it was during this span of time that he was able to see the individual who had shot him.

I advised MAGEAU that I had a group of photographs which I wished to show him, and that the responsible who shot him on July 4, 1969 may or may not be amongst these photographs, and merely because I was showing him pictures, he did not have to identify anyone. MAGEAU indicated he understood this.

I showed MAGEAU a photographic lineup containing six photographs. The fourth photograph to the right in this lineup is that of Arthur Leigh ALLEN. MAGEAU viewed this lineup for approximately 15 or 20 seconds. He then placed his finger on the photograph of Arthur Leigh ALLEN stating, "That's him." I asked MAGEAU how sure he was, and he indicated he was pretty sure; that the responsible had a round face like that, and then he pointed to the picture on the right of another individual. The picture he was now pointing to was that a person whom I could only read the first [REDACTED]. The lineup is made up primarily up of soundex driver's licenses which have been stapled together, and I do not want to further remove the staples

from this lineup at this time to more positively this individual. I asked MAGEAU if he was also identifying this photograph. He emphatically stated "No", just that the picture also had a round face like that of the picture that he had identified of ALLEN. I asked MAGEAU on a scale of 1-10 how sure he was of his identification of the photograph of ALLEN. MAGEAU stated, "It's at least an 8. I'm very sure that this the individual who shot me on July 4, 1969."

I then asked MAGEAU if he was shown any other photographs during the investigation of this case. MAGEAU indicated that shortly after the shooting, he was shown a number of photographs which he was unable to identify. He indicates that today is the first time he was shown a photograph; wherein, he was able to identify a responsible.

MAGEAU also indicated that 8-10 years ago when he was living in the City of Oxnard he was shown some photographs by the Oxnard Police Department and was unable to make an identification at that time. It should be noted that I was responsible for having Oxnard Police Department show a group of a photographs to MAGEAU of a suspect that had been developed by the Department of Justice.

MAGEAU was asked if he had heard any of the recent publicity regarding the Zodiac Case. MAGEAU indicated that he had read in a newspaper that a suspect who was a disabled school teacher had been identified as a possible responsible in the Zodiac killings. MAGEAU indicated there was no picture with this article, and he has seen no TV coverage regarding the Zodiac Case recently.

MAGEAU indicates he has never seen the face of the individual he had identified today with the exception on July 4, 1969.

MAGEAU was then asked if he had ever attended in 1969, a painting party at Darlene FERRIN's residence. MAGEAU indicated that he had not, but he had heard about this party. He was asked if he knew the name of Ron ALLEN. MAGEAU indicated that name sounded familiar, but he can't remember for sure. He was then asked if he knew the name of Leigh ALLEN. MAGEAU responded, "I don't think so."

MAGEAU was then asked about a lengthy rap sheet which I had obtained from the Department of Justice on him; wherein, he had used approximately 33 aliases. MAGEAU viewed this listed aliases and indicated that he had,

in fact, used most of those names. MAGEAU indicated that he had previously been in quite a bit of trouble; that he was now a Born Again Christian and that he attended the First Assembly of God Church as well as the First Baptist Church. And, in fact, the woman with him and her husband were both church members in both of these churches, and they all attended. He was presently residing with this woman and her husband and doing handyman work for them. My impression of MAGEAU at this time that he is sincere in his religious beliefs and has put his lawless past behind him.

MAGEAU indicated that he would cooperate with this investigation in any way possible. I indicated to MAGEAU that it may be necessary to fly him up to Northern California for a more in-depth interview. He indicated that he would have no objection to doing this. An appointment will be made with MAGEAU for a more in-depth interview.
